Preparatory Booklet

Senior K.G.

ACKNOWLEDGMENT

We sincerely thank Dr. Pratima Waman - Rawal and her Sanskrit For You and Devabhasha Foundation team for their contributions to this Sanskrit exam book.

My heartfelt gratitude goes to Mrs Swati Barve, whose guidance and support were instrumental in the completion of this work. Her expertise, dedication, and passion for the language have greatly enriched its quality and inspired a deeper love for Sanskrit in young learners.

VISION

Sanskrit is more than a language—it's the foundation of Indian culture and a catalyst for cognitive growth.

India's Identity is Rooted in Its Ancient Language !

This exam is an effort by CIDS aimed at making Sanskrit learning fun, accessible, and rewarding for young students.

By introducing it early this initiative aims to spark a love for Sanskrit, offering children both intellectual and cultural enrichment. It significantly boosts memory and focus, enhancing brainpower and improving learning capabilities. Regular practice also sharpens pronunciation, promoting clear speech and better language proficiency. Additionally, studying Sanskrit helps develop logical thinking, reinforcing problem-solving skills and reasoning abilities. Beyond academics, it fosters a deep connection with Indian heritage, instilling pride and a strong cultural identity. As its global value is increasingly recognized, many international schools now include Sanskrit in their curriculum.

Each child's Sanskrit learning journey is nurtured with compassion and encouragement, emphasizing growth, sincere effort, and expressive understanding over technical perfection.
